PROFILE

Highly motivated creative developer with fresh ideas and an open mind seeking a challenging position. Expert LAMP developer who enjoys delivering impressive solutions for clients. Passionate Mac user with a keen interest in developing and supporting the Mac and iOS platforms.

SKILLS

Experienced in application design and implementation. Expert Linux, Apache, MySQL, and PHP developer. Education at UT stressed the concepts of software development, applicable to many languages. With a strong base in C and development concepts, other C based languages such as PHP, Ruby, and Objective-C are an exercise of existing familiar concepts. Excellent written and verbal communication skills, participating in meetings with high profile clients to determine project specifications and client needs.

EXPERT:

Ruby on Rails, PHP (LAMP), Objective-C, ActionScript for AIR, Unix Scripting, RESTful programming

COMFORTABLE:

ActionScript 3, C++, Java, MatLab, OpenGL, Python

EXPERIENCE

DIRECTOR OF DEVELOPMENT, DIGITAL MEDIA GRAPHIX KNOXVILLE TN, APR '10 - PRESENT

Project management during the development phase. Responsible for project timeline, testing and documentation before delivery to client. Create project architecture and use team of four, including myself, to consistently deliver projects at or under budget, meeting and often exceeding client expectations. Extensive LAMP and iPhone development experience in web applications, including clients such as Scripps Interactive, Blue Cross Blue Shield, US Marine Corps, and Ford Motor Company.

SOFTWARE DEVELOPER, DIGITAL MEDIA GRAPHIX KNOXVILLE TN, OCT '08 - DEC '10

Lead developer, responsible for interpreting project specifications, communicating effectively with client, design and implementation of large software projects, and managing concurrent projects in all stages of the sales/design/development cycle. Have delivered solutions for large corporations such as Owens Corning, Philips Day-Brite Lighting and Smokey Mountain Harley Davidson.

SUPPORT TECHNICIAN, UNIVERSITY OF TENNESSEE KNOXVILLE TN, FALL '05 - FALL '07

Interpret technical problems, research, and implement solutions for the College of Business. Member of five person team responsible for assisting in the maintenance of 100+ full time on site faculty members, as well as providing assistance to remote clients.

EDUCATION

University of Tennessee, Knoxville TN — BS Computer Science, 2009
Recipient of: University of Tennessee Scholarship, Tracy Byrd Scholarship, and TN Lottery Scholarship
